## Use of Photography or Film

At Hemington Primary School we frequently **photograph or film** children to record and enhance their enjoyment of the curriculum. We would like to have a bank of children for whom we have permission to publish photographs in reputable publications. If this is an external publication we would not submit your child's name. Please read the following advice issued by the Local Authority:

*"Parents, carers and relatives of pupils should note that any photography or video film they take at school events is likely to contain images of other children whose parents will not have given permission for them to be filmed or photographed. Such images should not be circulated more widely than the family, i.e. they should just be for the families use. Our advice is that*

*any manipulation or distribution of images of children could result in prosecution."*

I agree to my child being photographed or filmed as above.

I am aware of my responsibilities when photographing school events as above.
