

Spring Newsletter 2

Class 2

Hope you have all had a good break and are relaxed and ready to learn!

This half term will be focusing on The Journey of Food where we will be looking at how food travels from place to place and how it gets to your table for you to eat. We will be using our geographical skills to track the food journey on maps and Google Earth. We will be reading "The Great Food Bank Heist" and "Where does my food come from?" and will use these to base our writing on. Our science topic is "Plants"

English

All our English work will be based on our topic The Journey of Food. We will be reading a couple of books to support our learning and learn more about Food Banks and how we can support this great cause.

We will be focusing on posters and non-chronological report using both of our class readers. We will also be writing a set of instructions for a recipe.

Maths

Both year groups will be focusing on fractions and then year 3 will focus on mass and capacity and year 4 will focus on decimals. We are continuing using White Rose maths scheme with some elements of classroom secrets.

This will be supported by videos, worksheets and mini assessments throughout the different units.

Science

We will be studying "Plants".

This topic is all about learning about the different parts of a flower, what things it needs to survive and how plants germinate.

Homework

Children will be set homework termly and spellings will be set each week on a Friday, which will be tested each Friday.

PE

PE days for class 2, continue to be MONDAY and TUESDAY. The children will continue to learn team sports and individual skills.

Please ensure that your child comes to school wearing the correct kit on those days. This is a white t shirt, a jumper or hoddie and black joggers or shorts. Please make sure your child is wearing trainers or suitable PE footwear. Where at all possible, PE will be outside.

PSHE

Our topic this half term is Healthy Me. The children will be learning about how they can stay fit and healthy, what they know about drugs and how to stay safe and what is unsafe.

Foundation subjects

These will be taught in our overall topic of the term. This term we will look at geography, ICT, RE, DT and music.

The focuses will change throughout the term as we work through our different topics.

Remember to follow our Facebook page to keep up to date with what your child is learning. We regularly share photographs of our children enjoying their time in school.
