29th April to 10th May 2024

Dear Parents and Carers

Summer seems to finally be here with some lovely weather this week. This has meant there has been lots of PE in the sun along with using our new outdoor equipment to the max. Swing ball has been a massive hit with school buying a large board to record the scores!! Can we ask that now the weather is getting warmer could all children bring hats, sunscreen applied before school and water bottles.

Science has been carried out lots this last two weeks with many experiments happening. Class 1 have been planting and investigating what plants need to grow and class 3 have carried out 'sensational science investigations'. Ask them about some of their fun activities.

To celebrate our love of science the science shop will be open on May 16th and May 17th after

school, selling little science toys and investigations for school

funds. Cash only please.

On May 21st a French day is being celebrated in school. All classes will participate in activities to find out about the French culture and language. Please dress your child in the French flags colours of red white and blue to get us all in the French mood!

Next week is SATs week for our Year 6 pupils. We are incredibly proud of how hard they have worked for these tests. They have shown real maturity and dedication. Year 6 parents please keep reminding them that there are many ways of being smart! Music smart, PE smart, people smart, art smart.... THESE TESTS DON'T SCORE THAT! We ask they get plenty of rest this weekend and try their best next week, that's all anyone will ask of them! We wish them luck and will help them be as calm and ready as possible. **To help with this all are invited to attend an optional chilled start to the day and breakfast from 8.15am Monday to Thursday.**

Have a lovely weekend from Mrs Reay, Miss Timbrell and the Hemington Team.
